Tim-

If by the end of the day you mean after the lunch break, then it would be great if you could call me when you know for sure it is going forward and I could leave accordingly. If you would want me possibly before lunch, I could always plan on being there around 11, and if you find out that it isn't going, then you could call me on my cell before I drove too far and I could turn around and go back to work. How does this sound to you? Thanks.

Hi Sonja,
I spoke with defense counsel and we expect to proceed to trial on Monday. I would probably have you testify towards the end of the day, so if you want, I can call you when I know for sure that we've been sent out for trial and maybe you could leave then. That way you won't be driving out for nothing.

Thanks,
Tim

Hi Tim-

Just curious if the [REDACTED] case scheduled for trial on Monday, May 16, 2011 is still a go? I have no problem being there if needed (it is the only case I have that day), but it will take me ~2½ - 3 hours to drive there, find parking, and get into the courthouse and want to be able to plan my day accordingly. Thanks you for your attention to this matter.

Hi,

I was recently assigned the [REDACTED] drug case in the Brockton District Court. It's a 2004 case which was granted a new trial based on Melendez-Diaz. You performed analysis on the drugs back in 2004

(No. [REDACTED]). Could you please send me a copy of your resume so that I can provide it to defense counsel? The case was recently marked for trial on 5/16/11.

Thanks,
